Germans Make Gains.

Paris admits that in the Vosges the Germans have penetrated the French trenches at certain points, but claims in some cases they have been driven back. South of the Comme the French failed to gain ground.

More War Credits.

In the house of commons Premier Asquith will today ask for a vote of £300,000,000 pounds war credit which in the German Reichstag a bill to credit the nation for £2,000,000 marks will be presented soon to carry on the war.

Berlin Statement.

Berlin says the pursuit of the second Roumanian army, which was defeated by the Austro-Germans in Transylvania, continued. The Roumanians were also beaten in the Alt Valley.

Berlin admits that German troops in a salient projecting toward Verdun on the Somme front, have been cut off by the French.

Mrs. Jeffray comes to Dixon on the recommendation of Mrs. Medill McCormick, who recently moved to their big estate near Byron and who has been assigned the women's work in the 13th congressional district.

Inasmuch as the women of Illinois have the opportunity of voting for presidential electors, it is expected a large audience will greet Mrs. Jeffray and hear her exposition of the national campaign and the national issues.

Chicago, Oct. 11.—Mayor Thompson, republican, Chief of Police Healy and others from the city hall, appeared in the criminal court today in answer to subpoenas sworn out in connection with the announcement of States Attorney Hoyne, democrat, that he would seek the indictment of Healy for alleged protection of the gamblers and saloon keepers who are said to have violated the Sunday closing law.

The city officials were summoned as grand jury witnesses and brought with them the records asked for in the subpoenas, which were guarded during the night by armed men in their respective offices. The records in the office of Deputy Superintendent of Police Funkhouser were taken last night.

All Captains Summoned.

Hoyne sent detectives to summon every police captain in the city to bring all correspondence relating to the gambling vice.

Charles Fitzmorris, Thompson's private secretary, was the first witness. Thompson was before the grand jury but two minutes, but was ordered to return later.

ELKS PAY TRIBUTE TO DEPARTED TWO

IMPRESSIVE SESSION OF SORROW
MONDAY FOR I. F. EDWARDS
AND ROBIN HARTWELL.

GANNON AND GEHANT SPOKE

A very impressive session of sorrow for I. F. Edwards and Robin Hartwell was a feature of the regular meeting of Dixon lodge No. 779, B. P. O. Elks, Monday evening, both of the departed brothers being fittingly eulogized by members. Attorney Grover Gehant spoke very feelingly of the worth of Mr. Hartwell, recalling many of the fine characteristics which made the young man so popular, and for which he was loved. Attorney Martin Gannon delivered the eulogy for Mr. Edwards, as follows:

Exalted Ruler, Other Officers and Brother Elks—

The task which has been assigned to me by our worthy Exalted Ruler is one which I believe should have been assigned to a man more capable to do justice to the subject than I am. It has been said, and no doubt truthfully, that the opportunity to speak of a friend who has gone to his reward, comes to a man but once in a lifetime. Be that what it may, I can only say that we are all creature of limitation. Each has a horizon beyond which we cannot pass, a boundary he may not overleap. All a man may hope to accomplish in this life is to fill to the utmost the measure of his limitation. Shall we say that this is the hard, cast iron of predestination? I think not. A thinker is not responsible for the conclusions forced upon him by the unanswerable logic of facts.

We are assembled for the purpose of offering our tributes of respect to the memory of I. F. Edwards, a man

Former President Theodore Roosevelt will pass through Dixon Thursday, Oct. 26, at 11:15 a. m. and an effort is being made to get him to stop here long enough to make a brief talk.

Roosevelt will be greeted by a big crowd as he is one of the drawing cards of the campaign and it would add the campaign here materially if the sage of Oyster Bay would stop and address the voters of Lee county on that day.

HUGHES' SPECIAL TO PASS THROUGH DIXON

REPUBLICAN NOMINEE WILL
STRIKE THIS CITY WED-
NESDAY, OCT. 18.

MAY SECURE SHORT SPEECH

Local Committee May Be Able To
Have Train Stopped For a
Few Minutes.

Charles E. Hughes, republican candidate for president, and his party will pass through Dixon at 8:30 a. m., Wednesday, Oct. 18, arriving at Chicago at 11:30 a. m. It might be possible to have the train stop here for a few minutes if the matter is taken up with the National committee at New York. The eastern office has full charge of the Hughes special, and stop requests must be handled through that office.

If Hughes stopped here for five minutes it would make little difference in his schedule, as that could be made up between Dixon and Chicago, or it could be taken off the Chicago time. At least it would be worth a trial.

Mr. Hughes will speak at St. Louis, Mo., Tuesday night and leave there over the C. & N. W. for Chicago.

Spoke At Baltimore.

Mr. Hughes addressed a large meeting in the armory at Baltimore last night, where Woodrow Wilson was first nominated for the presidency. He discussed American trade abroad. The candidate read the democratic platform plank of 1912 declaring for the protection of American rights abroad and asked if it were "molasses to catch flies," and declared that the protection it had promised had been deliberately and deplorably refused.

"Dollar diplomacy," said Hughes, "was what encouragement to the development of American interests was dubbed abroad, something shockingly reprehensible."

The nominee added: "In consequence I may say that in respect to American interests abroad we have not only diplomacy without dollars, but diplomacy without sense."

"We now hear fine words as to our duties to the world. But what avails such words when we do not protect American lives and American property abroad? The adequate protection of American citizens and their interests abroad according to their right under international law is the corner stone of a policy to promote American enterprise throughout the world. This protection has been deliberately and deplorably refused by this administration."

Self-Respecting Policy.

"A self-respecting policy, worthy of the American name, maintaining American honor, assuming protection to the known rights of American citizens under international law, is absolutely necessary. That does not mean war. It means the security of self-respecting peace. It means that regard will be paid to our just demands."

Judge Heard ordered Sullivan returned to jail and the matter will be disposed of later.

FORMER PASTOR IS WARMLY WELCOMED

REV. J. F. HOWARD, PASTOR OF
BAPTIST CHURCH 26 YEARS
AGO, IS HERE.

FAMILY HAS HAD PROSPERITY

Rev. J. F. Howard, who for four years, 26 years ago, was pastor of the First Baptist church of Dixon, stepped into the Telegraph office this morning to renew old associations. His three older sons, Will, Paul and Harry, carried papers for the Telegraph when small boys. It is interesting to note that of the five sons living—Harry died at the age of 20 during his father's ten years' pastorate at El Paso, Ill., Baptist church—that each one has made a name for himself.

William K., the oldest, is a government inspector in a packing establishment at Houston, Texas; Paul is a physician commanding an excellent practice at North Bend, Neb.; John is a foreign missionary in the Baptist field at Contal, Bengal, India, in the territory in which Wm. Carey, well known Baptist missionary, was a pioneer; Lee R. is also connected with missions at Rangoon, Burmah, made known so well by the mission work of Adoniram Judson. Lee is professor of science and philosophy in the Baptist university at Rangoon. Joseph W. Howard, Ph. D., is connected with the University of Montana at Missoula as professor of chemistry.

Rev. and Mrs. Howard have met cordial greetings here from the remaining members who attended the Baptist church during the former's pastorate. They are being entertained at the Josiah Buffett home and are being dined at many other homes. They will leave Friday for Chicago to spend several weeks with friends.

Since leaving Dixon 26 years ago Mr. Howard has been connected with many strong Baptist churches, all of which, with one exception—at Hialeah, Fla.—are located in Illinois. The pastorate at El Paso followed the four years' service in Dixon. It is a great pleasure to their former parishioners and old friends to have the opportunity to renew acquaintance with Rev. and Mrs. Howard.

Y. M. C. A. Campaign Was Given Start at Great Meeting Tuesday Evening

Interest in Y. M. C. A. work was given an impetus last evening, when about 100 professional and business men and high school students gathered at the local Y to enjoy an elaborate spread served by the Ladies' Auxiliary, and to listen to talks on association work. The leading address of the evening was delivered by Mayor H. H. Stahl of Freeport, a member of the board of directors of the association of that city and an earnest worker in Y. M. C. A. work.

The meeting marked the launching of a membership campaign in which the goal is to bring the membership of the local Y up to and, if possible, past the 500 mark. The campaign was started with a parade, departing from in front of the Y at 5:30 o'clock.

At 6:30 the company was seated around the banquet table and enjoyed a splendid repast. Music was furnished by Smith's orchestra, the artists being greeted with hearty applause at the rendition of each selection.

The speaker of the evening was Mayor H. H. Stahl of Freeport, one of the leading Y boosters in this part of the state, having served as member of the board of directors for the past twenty years. Mr. Stahl stated that he was present to aid in boosting the work of the Y. M. C. A. and while familiar with conditions in Freeport, said he was not familiar with conditions in Dixon and the service he could render to the Dixon would be to aid in boosting the work undertaken at this time.

In going out to sell membership in the association, he said, is equivalent to selling stock, except that it is to induce one to become identified with one of the greatest of American institutions. If the business and pro-

PRINCESS THEATRE

Crane Wilbur will be seen in the stellar role of a big five reel Mutual Masterpiece entitled "The Conscience of John David" at the Princess tonight. This is a story of a rich man who suddenly lost all his money and the manner in which he kept his place in society. It is a wonderful story.

CHICAGO THEATRE

The success of "The Blue Paradise" at the Chicago Theatre is so pronounced that arrangements have been completed by the Messrs. Schubert to continue this sparkling Viennese operetta at the rejuvenated American Music Hall for many months to come. It would not be surprising if "The Blue Paradise" should equal in Chicago the wonderful record it set in New York, where it appeared for nearly four hundred consecutive performances. Cecil Lean, Chicago idol and the leading comedian of "The Blue Paradise," has a penchant for long-run records, and his five hundred performances at the LaSalle Theatre, in "The Time, The Place and The Girl," still stands as an unbeaten record. So if indications and wonderful business count for anything the attraction is going to find a home in Chicago way into the balmy days of next Spring.

Mr. Lean has never before had a part which suits him to such perfection. It allows all the play of his teetly comedy, it permits him to make good use of the remarkable voice he possesses and by the way, how many comedians are there on the stage today who really sing?—and it gives him full vent for all the breezy personality that Lean and only Lean can breathe into a performance. And then there is the beautiful Cleo Mayfield, whose impersonation of the telephone operator from Chicago is a remarkable characterization and one which has established Miss Mayfield firmly in stage lore; and Miss Vivienne Segal, the seventeen year old prima donna who leaped into fame on Broadway in one night with the power of her wonderful voice; and Frances Pritchard, the dancer from the Winter Garden, who has the habit of electrifying audiences with her terpsichorean mazes; and Harold Crane and Hazel Cox, Teddy Webb, and Ted Lorraine, Fanny Kidston and Walter Armin, and last, but not least, the wonderful singing chorus which gives the beautiful Viennese airs a rendition that is not forgotten in many days.

And best of all this huge treat is being sold for prices ranging from 50 cents to \$1.50, with a special matinee Wednesday.

"THE PRINCESS PAT" AT THE GARRICK THEATRE, CHICAGO

The new Victor Herbert comic opera "The Princess Pat" under the management of John Cort, began what promises to be a highly successful engagement at the Garrick theatre Sunday evening.

It goes without saying that Victor Herbert's score can always be depended upon for entire enjoyment, while Mr. Blossom's book and lyrics have never failed in their mission. The story of the opera relates the flirtations of Princess Patrice di Montaldo, an Irish girl who has married an Italian nobleman. By her friends she is called Pat for short. At a house party on Long Island she is brought into contact with Anthony Schmalz, an

elderly millionaire, who is about to marry Grace Holbrook. Grace is no, in love with Schmalz but his money will bring relief to the depleted treasury of her uncle, with whom she resides. The husband of the princess has drifted from the ardent love making of earlier days and to teach him a needed lesson, as well as break on the engagement between Grace and Schmalz, she induces Bob Darrow, a sort of adventurous chap, to lend his help. The two plot to this end and much amusement results from their efforts. The prince is made wildly jealous while Schmalz is planning an elopement with the princess. Everything ends happily however, and each and every couple are made happy at the end of the play. Among the twenty numbers in Mr. Herbert's score are such popular song hits as "Allies," "Make Him Guess," "Love is the Best of All," "Neapolitan Love Song," "I Wish I was an Island in an Ocean of Girl," "All for You," "In a Little World for Two" and "Laughing Irish Eyes."

The cast includes Venita Fitzhugh as Princess Pat; Oscar Figman, Al Shean, Alexander Clark, Louis Casavant, David Quixano, Martin Hayden, Maude Gray, Ralph Riggs and Katherine Witchie, and others including a chorus of pretty girls.

PRINCESS—CHICAGO.

With a well lighted cast, Oliver Morosco is presenting Miss Emily Stevens in Dr. Louis K. Anspacher's remarkable comedy drama "The Unchastened Woman," now playing at the Princess theatre. "The Unchastened Woman" began its Chicago engagement Saturday night, Sept. 30. Among the younger women of the stage it is doubtful if Mr. Morosco could have found another actress so eminently fitted for the stellar role of this play as Miss Stevens. Gifted with remarkable intelligence and personal beauty, Miss Stevens has long been considered one of the big possibilities among the younger women in the theatrical profession. Under Mr. Morosco's direction she has arrived at stardom in no uncertain manner. Not for a moment is Miss Stevens "out of the picture" and her delicious comedy and biting acid voice make her performance a masterpiece.

"Carolyn Knollys" the role which Miss Stevens portrays is that of the type of woman without a conscience. She is morally chaste but spiritually regenerate. She boldly violates all of her marriage vows but one, knowing that her protesting husband who completely reverses the order and ignores the single vow that the law demands he shall keep, is helpless to do anything with her. And glorying in this measure of freedom she seeks adventure. Opposite Miss Stevens is Dr. Reeves-Smith, whose suave husband is a gem in his way.

Matinees are given Thursday and Saturday.

TO MONROE FETE.

DeWitt Danntter, Wm. Ford, Joe Rueland and John B. Ford motored to Monroe Monday and attended the "cheese day." There were over 30,000 people there and they had one of the largest parades ever seen there.

of whom we take pride in saying that he was a fine specimen of manhood, a statesman and a scholar of the old school. He was born in the town of Amboy and was graduated from the high school of Amboy. He soon became a teacher in this county and soon was elevated to the position of principal of the schools of Amboy. Some time after that he became a candidate for county superintendent of schools of Lee county and was elected, which office he held for four consecutive terms, or for 16 years. When he retired from this office the teachers of this county at that time presented him with a beautiful diamond ring as a token of the esteem in which he was held. In the year 1904 he was elected mayor of Dixon, which office he held until Dixon adopted the Commission form of government, and he was one of the most able mayors Dixon ever had. In the year 1911 he took over the old Dixon college and it was there year speaker became very close to I. F. Edwards. My experience with him as an instructor, as a scholar and as a manager, taught me to fully appreciate him as a man. At no time did I approach him in regard to school matters but what I was received in the most courteous manner, and whatever promises made by him were always kept. He was a man open and above board and you could always find him on any subject or question. He was never known to be on the fence. I. F. Edwards had his enemies the same as every man who has been in public life. Show me the man who served the commonwealth as long as I. F. Edwards did who has not an enemy, and I will show you a man who was not a success in public life. In my opinion I. F. Edwards was one of our truly great men. He was not a product of circumstances; he was not born with a silver spoon in his mouth. Many of our great men are born in humble station. So it was with I. F. Edwards. He was the anointed leader of men, one of the favored, gifted, few and he was without ancestors in this regard. He was baptized in the fountain of Genius. He was a soldier, yea more, a commander, in the great army of thought. He was a leader in the pathway of knowledge. In honoring him, we not only honor ourselves but offer a just tribute to the cause of humanity.

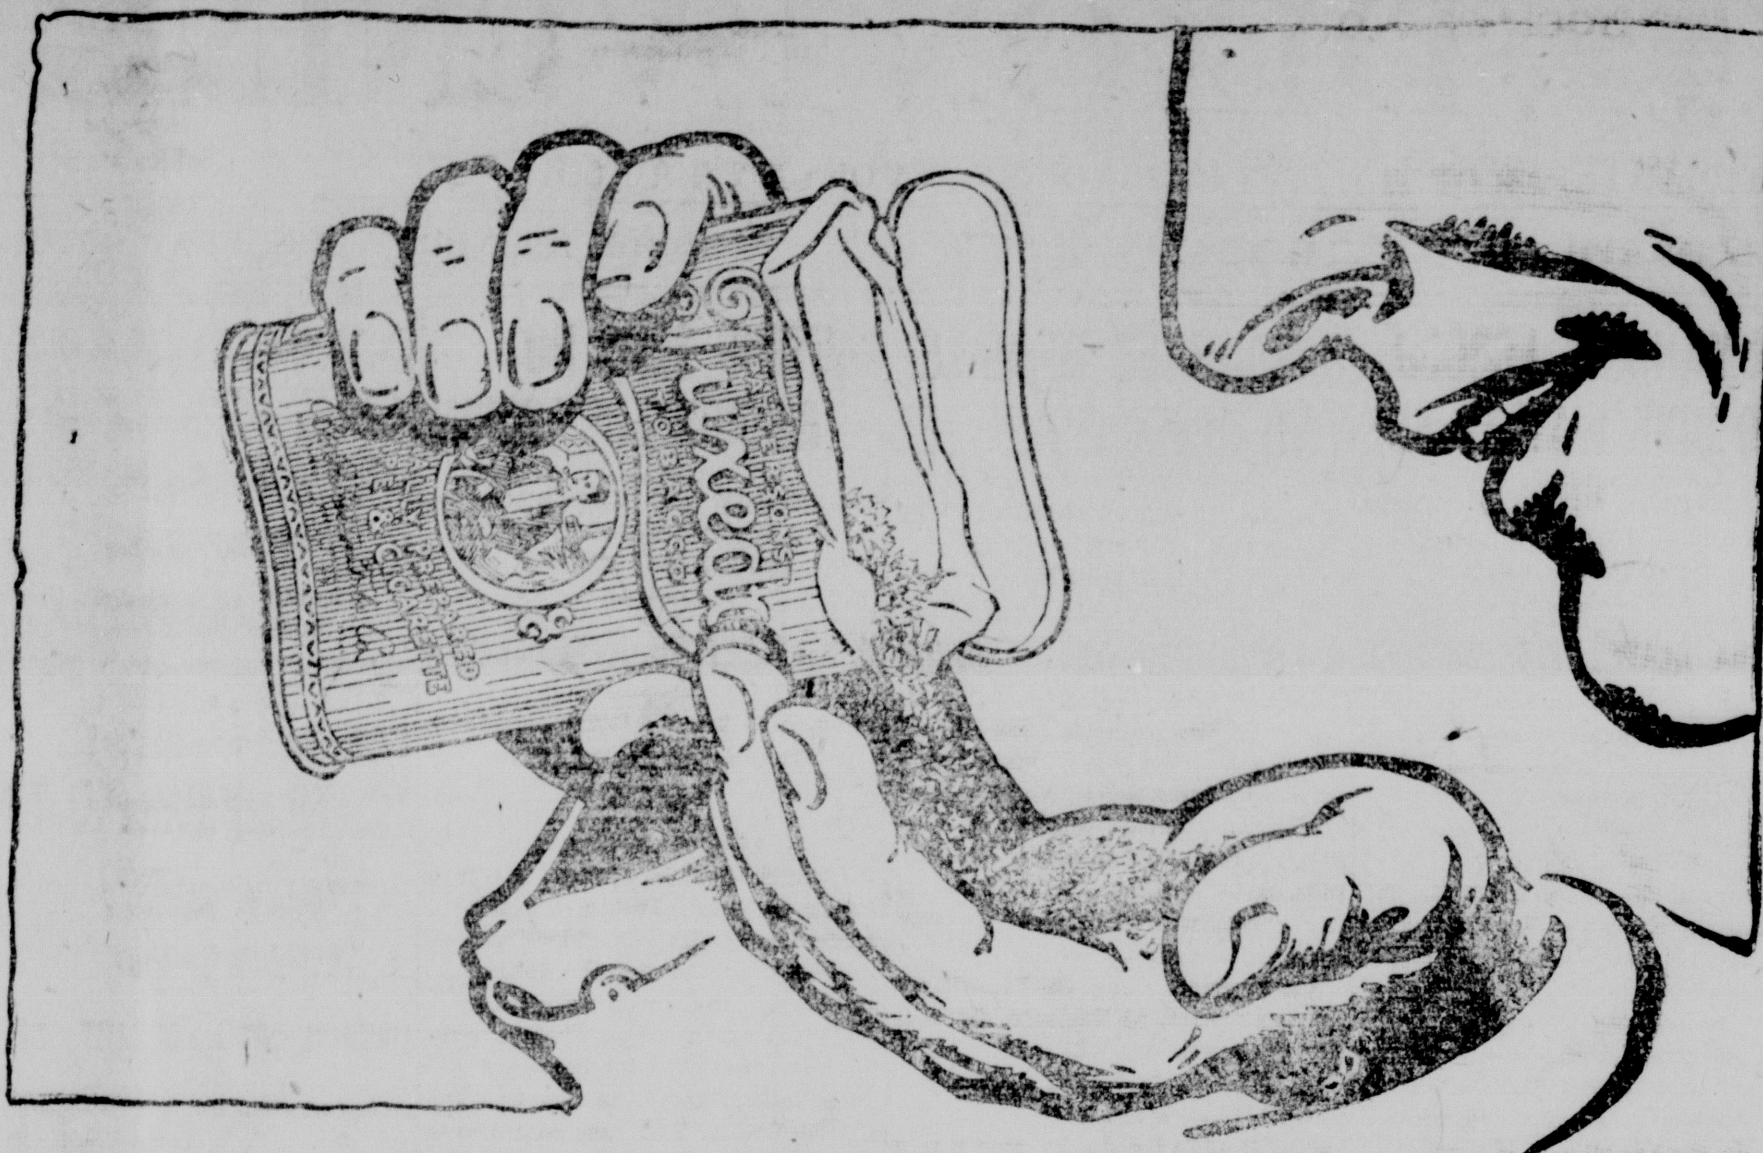

I. F. Edwards to the last call has made the last response, and we of this lodge deeply sympathize with his devoted family. To his family I can only repeat the words of a great poet: "I know as my life grows older, And mine eyes have clearer sight, That under each rank wrong Somewhere, there lies the root of right; Each sorrow has its purpose, By the purpose oft' unguessed, But as sure as the sun brings morn'ning, Whatever is, is best."

If his family and those who were near and dear to I. F. Edwards and he to them, can make themselves believe that all acts of God are for the best, they will find great consolation in the fact.

May the soul of I. F. Edwards and the souls of all Elks who have crossed the Great Divide, thru' the mercy of God, rest in peace.

Don't Guess—Your Nose Knows

Let your nose pick your smoking tobacco. It won't deceive you. It will choose the best from all the rest. It will show you *beforehand*, just which tobacco will give you the most pleasure—the most permanent satisfaction—in the pipe.

Pour a little TUXEDO into your hand and rub it briskly between your palms till the heat and friction bring out its full aroma. Then hold it up to your nose.

Put other tobaccos to the same test. Rub them just as hard and long as you did TUXEDO. Let your nose get the full aroma of each.

The fairer the test—the more careful the test—the better for TUXEDO. You'll see, beyond doubt or question, that TUXEDO is your tobacco. You'll know that a tobacco which is so superior in fragrance must be superior in flavor.

Your pipe will prove that your nose is right. Make the test today. It's simple—it's interesting—and it *proves*.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back Hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flush any time.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once

Immediate—Yes—Certain—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

Pyfer-Ackert
The wedding of Miss Mabel Ackert of Polo, formerly of this city, and Mr. John Pyfer of Boone, Ia., took place Saturday, at 11 o'clock, at the home of Mr. and Mrs. J. M. Wentling of this city. Rev. Mr. Lambert of Polo read the service. The other witnesses to the ceremony were Miss Ella Kentner of this city, and Mrs. Ackert's little daughter, Elveta.

The bride was becomingly gowned in a blue serge suit. Mrs. Wentling served luncheon after the ceremony to those present. White and purple were used in the decorations. Mr. and Mrs. Pyfer, who have been visiting in Polo since Saturday, will leave today to make their home at Boone, Iowa.

This was followed by a brief musical program in which Miss Edna Hanne gave a piano solo, and Miss Bertha Pennett a vocal solo. Afterwards a business meeting was held for the making of plans for the year's work and it was decided to make clothes for the children of the Peak Orphan

Mrs. Franklin Adams, wife of the well-known writer, is here shown in the trenches in France with the poilu, who guided her and other Americans about. She is the first

age as the charitable work. The sewing was begun at this meeting.

Mrs. Clarence Lenox added to the pleasure of those present by giving an instrumental number on the piano, and Mrs. Harvey Senneff and Mrs. Wolber, accompanied by Mrs. Strock, gave a pleasing duet. Refreshments of cream and cake were served at the close of the meeting.

Peek Orphanage
The Methodists of Dixon District are all justly proud of Peek Orphanage, situated four miles southeast of Polo, the gift of Mr. and Mrs. Frank Peek to the Woman's Home Missionary Society of the church. The commodious buildings so beautifully situated on a large well improved farm are most admirably suited to their present use. As soon as the farm is fully equipped it will be largely self-supporting. Miss McKean, a graduate of the Kansas City Training school, is the efficient superintendent, under whose kindly guidance a real home is being established, for the little ones who belong to no one. Visitors are always welcome and anyone visiting the home will leave feeling that the visit was a real pleasure. The local church provides for the support of the little ones and a special offering will be taken in November. Gifts may be left with any of the members of the Woman's Home Missionary Society, or Mrs. Cleo Bunnell, chairman of the committee who has the work in hand, may be reached by telephone. Miss McKean, the superintendent, had charge of the Sunday evening service at the Methodist church and told very interestingly of the noble work with which she is connected.

For Piano for Nurses
Manager Rorer of the Family Theatre has granted to the members of the Dixon hospital board the privilege of selling tickets to "The Alien" to be presented at the theatre next Tuesday, with a commission of one-half, the fund thus made to be used to aid in the purchase of a piano for the nurses' home. The nurses have desired a piano for a long time but saw no way to secure one, but Miss Collin, the energetic superintendent, has been active in getting people interested, and it is hoped that the piano will soon be a reality.

Present Flag to Hospital
Mrs. Mossholder, Mrs. McKenney and Mrs. Youngman, representatives of the Woman's Relief Corps of Dixon, appeared before the Hospital board in session yesterday morning at the hospital, on mission which came as a surprise to the board,—in fact, only two members of the board, Mrs. Mitchell and Mrs. Goodrich, who are also members of the corps, were in the secret. This was the presentation of a flag to the Dixon hospital.

Miss Collin, the superintendent of the hospital, who has recently been admitted into the citizenship of the United States, had expressed a desire that the flag might float above the hospital, and it seems that this wish became known to the corps. The schools and the Y. M. C. A. have been remembered by the corps, and so they said among themselves, "Why not the hospital?" and it was done.

Mrs. Mossholder made a very neat presentation speech and Mrs. McKenney read the poem, "Here's to the flag." Mrs. Bynton, president of the hospital board, responded, expressing appreciation of the gift, her feelings in regard to the flag and the appropriateness of its floating above the hospital.

Y. M. C. A. CAMPAIGN

(Continued from Page 1)

Professional men of Dixon enter into the
work with as much zest and earnest-
ness as they put forth in their busi-
ness, the membership will be boosted
far beyond the 500 mark.

Often men who are financiers, cap-
italists and leaders in business enter-
prises, realize that the influence the
Y. M. C. A. wields in a community
are anxious that their employees be-
come identified with the institution.
They are becoming large contributors
to its support and aid in promoting
the work.

Secretary DerKinderen and Presi-
dent E. B. Raymond made short talks
outlining the work for the mem-
bership campaign. The workers are in
two divisions, Blues and Reds. The
lineup is as follows, each division
having a large number of personal
workers:

Blues—Major, Ray Miller; Cap-
tains: J. Clemon, G. Eichenberg, C. C.
Hintz, G. T. Holland, C. E. Smith, H.
W. Stauffer, Vernon Corright.

Reds—Major, O. M. Rogers; Cap-
tains: W. H. Coppins, F. Downing, J.
D. Laing, K. J. Reed, B. Schildberg,
K. B. Segner, Ray Worsley.

Factories Contribute.

It was announced last evening that
the Reynolds Wire Co. and the Brown
Shoe Co. had agreed to pay one-half
of the membership fee of any of the
employees of these factories. Other fac-
tories will be solicited to enter into
the same plan.

With these encouraging features,
the local Y enters the campaign with
much optimism. A friendly contest is
on between the Sterling and Dixon
associations, in three days' contest.
Reports will be received each day at
noon, when the workers will assem-
ble at the Y and give in their reports.
At the same time a report will be re-
ceived from the Sterling workers.

A prominent business man who
has in his possession a junior mem-
bership card, and the first boy who
asks him for it today, will be given
the membership free. All the boy will
have to say is: "Mr. — have you that
Y membership card? If you have I
will thank you to give it to me.
Each day a business man will be given
one of these membership cards.

HARBORS OPEN TO DIVE BOATS

U. S. Refuses to Accede to Demand of Allies.

HOLDS U-BOATS ARE WARSHIPS

Allied Governments Contend Operations Are Piratical and Boats Should Be Classed as Outlaws—Questions Raised by British and French Cause Speculation Regarding Damage Claims.

(Continued from Page 1)

submarines, whether peaceful merchant undersea ships like the Deutschland, or armed like the U-53, be denied the use of American harbors.

This announcement was made by acting Secretary of State Polk. The full text of the state department's note was not made public until after the return of Secretary Lansing from Shadow Lawn.

Fear for Neutrals.

Great Britain and France, in a memorandum to the state department, had called attention to the grave danger incurred by neutral submarines in the navigation of regions frequented by belligerent submarines.

The contention of the allies that submarines are outlaws brought up the question of whether the American government may be sued for damages resulting from the call of the German submarine U-53 at Newport before it started on its spectacular raid against commerce.

Argue Newport is Base.

Under the interpretation of the allies, the position may be taken that Newport was made the base for operations which officials estimated already have caused at least \$6,000,000 damage to the allies' shipping and trade.

Any attempt to collect damages, however, would probably be most vigorously opposed by this government, which holds that a warship has a right to enter a neutral harbor and that the U-53 in no way attempted to make Newport a base.

Navy to Look for Supply Base.

Washington, Oct. 11.—The navy department, it was stated by officials, will institute a search along the Atlantic coast for the alleged permanent base for German submarines. This action is to be taken to determine officially whether there is such a base; its existence having been more than hinted at by officials of the British government.

Navy officials are morally certain already that there is no such base. It is known to the government from the most reliable sources that the German U-boat campaign on this side of the water is being conducted with the assistance of one or more German submarine tenders and perhaps vessels of the Deutschland and Bremen type.

Navy officers who have been on cruise and who have heard from others in the active service say that the existence of a land base which would escape the observation of the navy is practically impossible.

Communications are said to have passed between Secretary of State Lansing and Secretary of the Navy Daniels. The search, it is understood, is being made at the request of the state department.

ONLY 5 SHIPS SUNK IN RAID IS BELIEF

Name "Kingstonian" May Have Been Misread.

Newport, R. I. Oct. 11.—No survivors of the steamship Kingstonian, which was torpedoed off Nantucket Shoals Sunday night, have been found. All but one of the flotilla of destroyers which had been sent out from Newport to search for survivors are at anchor here. A forty-nine north-easter and dark, cold weather have made further search for the missing men practically impossible. Little hope is held that any of the crew who might still be riding the waves in open boats will survive the weather.

A more hopeful suggestion, made in some quarters, is that only five ships were sunk in the German submarine raid.

Thirty-six hours having elapsed since the Kingstonian was supposed to have been sunk without any trace of her crew, steamship men were inclined to believe the name of the vessel may have been misread by wireless operators, and that no such vessel as the Kingstonian was attacked.

A radio dispatch to Admiral Gleaves stated that the steamer Conyngham had picked up two survivors of the steamer, but the admiral said that there had been an error in transmission and that so far as he knew no survivors had been found.

HUGHES' VISION OF AMERICA

"I have a reat vision, my fellow citizens of America for the future.

"It is not an America torn by disorders, it is not an America ruled now by this force, now by that force; it is not an America given over to civil war, it is not an America where public office is merely ruled for advantage; it is an America efficient; it is an America prepared, it is an America maintaining the rights of American people on the land and sea without fear or favor throughout the world. It is an America that has no secret understandings, no covert intrigues, it is an America with no unstated purpose, it is an America standing four-square toward all nations firm and prepared, intent on peace and demanding its just rights be recognized as to lives, property and commerce.

"The America that I see in the future is an America that knows how to manage its great activities without being wasteful and extravagant. It is an America that knows how to spend public moneys honestly as well as to appropriate them. It is an America that has patriotism in every bureau of the administration as well as in any appropriation for military operations. It is an America where all the people abandon class antagonisms although having their necessary differences which they peaceably having their necessary differences adjust. It is an America which, ~~which they peaceably adjust.~~ It is an America which, having no class antagonisms feels knit together in a splendid national unity, in one great love of country, with one unswerving loyalty transcending all differences of race and creed, with a people inspired by the ideals of Washington and Lincoln. It is an America first and an America efficient."

Ira Landreth, candidate for vice president, likened the prohibition issue to the abolition of slavery. He said the salvation of American is the rural population and the small towns. We must control the great American city because it can't govern itself. He said his party would carry 36 states; then they would hang Illinois out to dry. He said the dry south would influence the north like the north did the south on the slavery issue.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of red hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject. Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOB, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUERRING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—It will be confidential.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore, safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

LINERS ZIG-ZAG INTO U. S. PORT

U-53 Has Nation Practically in Blockade.

GERARD ABOARD ONE STEAMER

Mme. Bernhardt and Lina Cavallieri on French Ship That Went Out of Course—Dive Boat Seen by Greek Captain—Thought It Signalling "Mother Ship."

New York, Oct. 11.—The last reported position of the German submarine U-53 was given by George Barbetas, chief officer of the Greek liner Patris, at 185 miles due east of Fire Island at 5 o'clock Monday morning. At that time the U-53 was floating on the surface with her engines stopped and signaling in the Morse code.

When the Patris reached her pier in Brooklyn Chief Officer Barbetas and Third Officer M. Helmas, who were on the bridge of the Patris when the submarine was sighted, said they believed the signals were meant for the vessel which is reported to have been acting as a "mother ship."

Friendly Vessel Awaited. "They undoubtedly were waiting for some friendly vessel," said the chief officer. "I think they mistook us for her. As soon as they found we did not understand their secret code they flashed their searchlight on us and then continued signalling to the eastward. No attempt was made to stop us and we were only too thankful to get away. It is easy for a submarine to make a mistake in the dark and a torpedo is not always an easy thing to dodge."

Captain D. Kairis, commander of the Patris, denied the report that his ship had been stopped twice by two U-boats operating off the Atlantic coast. Only the one submarine was sighted and the Patris passed her at a distance of about 500 meters.

Three big trans-Atlantic liners, rich prey for the U-53 reached port by deviating from their regular plotted course as far south as the Virginia Capes.

Passengers Practice Life Drills.

The Cameronia from Glasgow and Liverpool with 630 passengers crept up the coast from the Cape as close to the three-mile limit as Captain David Bone deemed safe. From the time the first wireless warning of the U-53 was received on Sunday Captain Bone kept all the port holes darkened, lifeboats swung out and remained on the bridge until Sandy Hook was reached.

Monday the passengers were served with life belts and put through lifeboat drills without their realizing the proximity of danger.

Sarah Bernhardt Is Aboard.

La Esplanade of the French liner, bearing Sarah Bernhardt, Lina Cavallieri and other notables, received warning from the British Steamer West Point on Sunday a few hours before the West Point was sunk. Captain Laurent told some of the passengers of the message but assured them he could dodge the U-boat. He pointed out the five-inch guns mounted on the stern of the liner and then headed the vessel to the south. Instead of arriving at her pier Monday afternoon the liner did not reach quarantine until about 5 o'clock Tuesday morning.

Gerard Told of Menace.

Captain Thomsen, Captain of the Scandinavian-American liner Frederick VIII, said that he received warning of the U-boat's presence on Sunday night when his vessel was 550 miles east of Sandy Hook. Captain Thomsen continued on his course but doubled his lookouts. Only Ambassador Gerard and Mrs. Gerard among the passengers were told of the menace.

MEXICAN PROTOCOL READY

It Provides for Troop Withdrawal, and Concessions by Carranza.

Atlantic City, N. J., Oct. 11.—The compromise plan of protecting the Mexican border has been completed. A copy has been wired to First Chief Carranza.

The protocol provides for the gradual withdrawal of the American troops from Mexico. As each detachment is brought back to the United States it will be stationed at the most vulnerable point on the American frontier. In return for this "concession" the Mexicans promise to rescind certain tax decrees which American owners of Mexican property say are confiscatory. Establishment of the Mexican troops along railroad lines and near American mining and agricultural properties will be made so that Americans may return to Mexico immediately and resume operations. This is expected to furnish work for thousands of Mexicans who have become bandits to escape starvation.

Justice Harlan's Widow Dies.

Washington, Oct. 11.—Mrs. Malvina F. Harlan, widow of Justice John M. Harlan of the supreme court of the United States, died at Washington at the home of her son, James S. Harlan, a member of the interstate commerce commission, in her seventy-eighth year. Death was the result of an accident three months ago, when she broke her hip. Mrs. Harlan was born in Evansville, Ind.

THIS IS CERTAIN

THE PROOF THAT DIXON READERS CANNOT DENY

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

C. J. Kirkham, 522 Peoria Ave., Dixon, says: "I suffered from pains across my back for a long time. I didn't think the trouble was caused by disordered kidneys, but when a friend recommended Doan's Pills, I got a box at Leake Bros. Drug store. They completely rid me of the backache and all other symptoms of kidney complaint."

OVER THREE YEARS LATER, Mr. Kirkham said: "Doan's Kidney Pills cured me of kidney disease and the cure has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kirkham has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

JAMES W. GERARD

U. S. Envoy Arrives
but Refuses to Talk.

Photo by American Press Association.

GERARD HOME, MUM ON ERRAND TO U. S.

Envoy to Berlin Given Warm Non-partisan Welcome.

New York, Oct. 11.—Returning from Berlin aboard the liner Frederick VIII., Ambassador James W. Gerard refused to answer any question relating to the purpose of his visit to America at this time, saying that even the simplest question "might involve" him.

Former Ambassador Oscar Straus headed a nonpartisan delegation that greeted Ambassador Gerard, and praised his work as envoy.

Mr. Gerard's attention was called to a story which appeared in the New York World, to the effect that this errand was to inform the administration that a renewal of submarine activity is being considered by Germany in a manner which might threaten German-American relations. Mr. Gerard, after quickly glancing through this story, said:

"You don't see me quoted anywhere in it, do you?"

"Is it true that you are bringing a peace message from the Kaiser to President Wilson?" he was asked.

"I cannot answer that question," replied Gerard. "To reply to any question of that nature might involve me."

LOST TEACHER HEARD FROM

But Aged Michigan Father Declines to Credit Message.

Kalamazoo, Mich., Oct. 11.—Although word was received here late in the afternoon that Leah Hartson, the pretty school teacher who disappeared from her boarding house at Portage Center on Sunday evening, October 1, after receiving a phone message, had communicated with her mother at the family home, Memphis, Mich., the aged father, who is in this city assisting in the search for the young woman fails to take any stock in the message.

The telegram received at Memphis was sent from Grand Rapids and stated that the girl was all right and asked the mother not to worry and that search be abandoned.

THOUGHT THEY COULD SPELL

Springfield, Ill., Rotary Club Sees Need of Improvement.

Springfield, Ill., Oct. 11.—Fifty-three prominent business men, members of the local Rotary club, believed they were spellers of average ability, but learned they were not. As a result they have started a movement to revive the ancient art of spelling and are seeking to enlist other rotary clubs in their plan.

The club was in session recently and Francis G. Blair, state superintendent of instruction, was among those present. He offered to conduct a spelling contest for amusement. The fifty-three entered. Blair gave them the following words: legible, ledger, loathsome, malice, macilage, niece, sieve, siege and noticeable. They looked easy, but only one of the fifty-three spelled all of them correctly. The others refused to tell just how much they did score, but they are active boosters for the movement in favor of improved spelling.

CO-ED SHOOTS SELF IN FEAR OF FAILURE

Miss Alma Jennings Blows Off Top of Head.

Champaign, Ill., Oct. 11.—Possessed by the fear that she would not be successful in her grades, Miss Alma Jennings, twenty-four, a senior at the University of Illinois, shot herself in the left temple with a borrowed revolver. Death came instantly. Hearing the shot the girl's mother who was in the room at the time turned to catch the horribly mutilated body in her arms.

The large calibre bullet had ripped away the top of the skull. Over study is partially blamed for the girl's act. She had been despondent for several days.

The girl had borrowed the fatal weapon from a student roomer.

NINETEEN CARS OF OIL BURN

Flames Shoot Up 200 Feet High at Sidell, Ill.

Danville, Ill., Oct. 11.—A Chicago & Eastern Illinois freight train was almost completely consumed at Sidell, near Danville, by a fire which originated after the train was wrecked. Nineteen cars of crude oil, being shipped to Whiting, Ind., caught fire, and at times during the day the flames mounted 200 feet in the air, and a black pall of smoke covered the entire country in the vicinity.

Fire fighting apparatus was sent from this city, and the firemen succeeded in keeping the flames from spreading to nearby houses. The cause of the wreck and the fire is unknown. The train had been checked by the sudden application of the airbrakes, and flames broke out immediately afterward.
